

Medication Dispensing and Inventory Protocol

Category: Clinical Operations | Policy No: CHA-POL-012 | Effective: 01 Jan 2026 | Version: 1.2

Controlled substances must be dispensed under dual staff sign-off and logged in the controlled substances register. Weekly inventory counts are mandatory for all medication cabinets, with discrepancies over 2 units reported to the pharmacy lead within 24 hours. Expired medications must be segregated immediately and disposed of according to regional hazardous waste guidelines.
