

Data Breach Incident Response Steps

Category: Compliance | Policy No: CHA-POL-017 | Effective: 01 Jan 2026 | Version: 1.2

Upon discovery of a suspected data breach, the discovering staff member must notify the compliance officer within 2 hours and avoid further access to the affected system. The compliance officer conducts an initial impact assessment within 24 hours, determining whether affected patients or regulators must be notified. All incidents, regardless of severity, are logged in the compliance register for the annual audit.
