

Donation Acceptance and Ethical Screening Policy

Category: Finance | Policy No: CHA-POL-021 | Effective: 01 Jan 2026 | Version: 1.2

Monetary and in-kind donations above EUR 10,000 require ethical screening by the finance committee before acceptance, to avoid conflicts of interest or reputational risk. Donations from entities involved in tobacco, arms manufacturing, or predatory lending are not accepted under any circumstances. In-kind medical supply donations must be verified for expiry dates and regulatory approval before entering inventory.
