

Emergency Response and Evacuation Protocol

Category: Safety | Policy No: CHA-POL-009 | Effective: 01 Jan 2026 | Version: 1.2

In the event of a facility emergency (fire, structural damage, security threat), staff must follow the color-coded evacuation routes posted in each ward. Patients with mobility limitations are assigned a designated staff escort during onboarding. All emergency drills must be conducted quarterly, with attendance logged for compliance audits.
